### Major Activities Affecting Case Closing:

Trustee sold all tangible and intangible assets of debtor at open bid sale in bankruptcy court. Trustee commenced AP against UK company owned by principle of debtor and settlement reached as part of sale to successful bidder. Trustee investigating various potential causes of action, and has made demand under D&O policy regarding claims against two of the debtor's officers regarding certain preferential and fraudulent transfers. Trustee litigated 3 million dollar objection to claim in federal district court (pursuant to withdrawal of reference order), and summary judgment entered on August 15, 2007 in favor of the estate on pro se litigant's wage act claim, reducing claim from 3M to potential claim of \$300,000. Jury trial of the remaining contract claim held over 6 days in February 2008, with mistrial due to jury members conducting independent internet research. Second jury trial concluded in June 2009, with jury verdict for the estate, disallowing claim in its entirety. Pro se litigant has expressed intent to appeal both the jury verdict and SJ decision regarding the wage act. Trustee filed objection to PBGC priority and general unsecured claims totaling 9Million plus estimated amounts, and negotiated settlement with PBGC. Same pro se litigant objected to settlement, which the court approved. He filed motion for reconsideration, which was denied. Pro se litigant has appealed the approval of the PBGC settlement to the district court. All of the trustee's first omnibus objection, plus several individual objections to claims have been adjudicated or resolved through settlement. Adversary proceedings commenced against debtor's principal Deepak Kulkarni, former CEO Mark Brown, Foley Lardner, Cohn Whitesell, Wolverine UK, etc. for preferences, fraudulent conveyances and breach of fiduciary duty. Settlement reached with Foley and Cohn Whitesell. Remaining litigation withdrawn to district court for jury trial,. Trustee reached settlement with remaining defendants, which motion to approve remains pending with Judge Feeney. Trustee commenced AP against subordinated lender for recharacterization and equitable subordination, which was tried to Judge Feeney over six days in June/July 2010. Trustee did not prevail in recharacterizing Tencara secured claim. The two Crawford (pro se litigant) appeals were decided by the First Circuit in favor of the Trustee and Crawford filed petitions for rehearings en banc, which were denied by the First Circuit and the mandate issued June 14, 2011. Crawford filed petition for cert to the Supreme Court in both cases, which petitions were denied. Final round of claims objections filed and resolved through settlements by November 2011. Crawford filed an appeal to the First Circuit on disallowance of purported \$1 overpayment for costs in prior litigation, which the First Circuit dismissed as interlocutory in July 2013. Crawford filed another appeal to the First Circuit in 2013 that was likewise dismissed with mandate for dismissal issued by the circuit court on July 14, 2014. Trustee filed final report and final fee applications in November 2011. Crawford filed objections to fee applications. Court allowed most fees, and Crawford filed appeal. District court affirmed and Crawford appealed to First Circuit. First circuit affirmed and Crawford recently filed motion for rehearing, which remains pending.
